TOWN OF DIDSBURY WATERWORKS TENDERS FOR CONSTRUCTION

SEALED TENDERS marked: "Tender for Water Didsbury" will be received by the undersigned until 5:00 p.m. o'clock on Friday, August 2, 1957, for the following work:

1. Construction of 1,900 lineal feet of water main, valves, hydrants and services.

Copies of plan, specifications and schedule of quantities may be obtained from the office of Haddin, Davis & Brown Limited, Consulting Engineers, Calgary, Alberta. Applications for copies of construction plans must be accompanied by a cash deposit of Twenty-Five Dollars (\$25.00) which will be returned upon receipt of a bona-fide tender or upon return of the documents in good condition not later than the date of opening tenders.

Tenders must be submitted on the printed forms provided and must be accompanied by a certified cheque payable to the Secretary-Treasurer of the Town of Didsbury in the amount of at least ten per cent (10%) of the amount of the tender. Cheques of successful tenderers will be retained until execution of contract and provision of bond. The successful tenderer for construction will be required to furnish the bond of a recognized surety company in the amount of one hundred per cent (100%) of the contract amount to guarantee the satisfactory completion of the construction contract.

After tenders are opened and read they will be taken under advisement and award of contract, if awarded, will be made as soon thereafter as practicable.

The right is reserved to accept any tender, whether or not the lowest, or to report any or all tenders as the interest of the Town may appear to require.

Just For The Record . . .

Didsbury Lions Club Jamboree Day was postponed two weeks because of a conflicting date with a major attraction in a neighboring town. The new date is Wednesday, August 14 and the feature attraction will be Shetland pony chuck-wagon races. If you want to see this spectacular event, and many other attractions, head for Didsbury Memorial Centre on August 14th. You'll get your money's worth!

Just For The Record . . .

A crew of specialists have been hired to put in curbing on some of the busier business avenues in Didsbury. This deal entails working from the Royal Bank west to the telephone office, on both sides of the street; and from the municipal office to Edford Motors. The road paving program will be presented to the head men at the provincial capital in the near future. If approved, we understand work on the hard top will be started in August of this year.

Just For The Record . . .

Work is well underway on the new rest room and it is hoped the building will be completed by the centre part of next month. Promised donations are needed now, as well as volunteer labor. Check with the building crew and they'll tell you where your help will do the most good. To date \$2600 has been collected — not enough yet!

Just For The Record . . .

Maybe it's the new surroundings, maybe it's the weather, maybe it's just that time of year, but our hospital, new addition and all, is bursting at the seams. Not from inferior construction, just too many customers. Where now are those hardy souls who voted against the improved facilities? We hope and trust they're not looking for a room, but fast!

And A Friendly Nod . . .

To the person who penned the illuminating definition of a girdle: "An ingenious device invented to keep an unfortunate situation from spreading."

NATURE TAKING CARE OF THE WHEAT SURPLUS

There is little sense in hiding the fact that Canada's 1957 crop prospects are not good. It is doubtful if Western Canada will produce more than sixty per cent of the gross bushels averaged during the past five years. Here in the Camrose district, where a serious crop situation seldom develops, the lack of rainfall during the crop season has been serious, relieved only at the last minute by spasmodic showers, with not yet a real southerner to save the situation.

The bushel yield for Western Canada will surely be cut a good forty per cent, but the quality will likely be superior to the grain threshed in the wet years.

We still cling to the theory that a surplus is more desirable than a shortage. The world looks upon Canada with envy, because the people are well fed. And it seems strange that Canadian influence is resented in lands where better production is possible under improved and tested Canadian production methods. It would seem that people just don't want to be saved!

— Camrose Canadian

LONE PINE ORIOLES HOLD REGULAR MEETING

The June meeting of Lone Pine Orioles was held at the home of Jeannette Haderer with 14 members present. After various songs were sung the creed was repeated. Roll call was answered by a poem.

A motion was made to hold a weiner roast and ball game at Zelligiers on July 21.

"Bit of fun" for the seniors was material contest and the juniors dropped pegs in a milk bottle.

NO HELP, PLEASE!!!

An employer was severely reprimanding a meek employee. "Mr. Jones, I understand you've been going over my head," stated the employer.

"Not that I know of air," ventured the meek employee.

"Isn't it true that you've been praying for a raise?" asked the employer.

LUTHERAN CHURCH HOLDS CONVENTION

The 25th district convention of the Lutheran Church - Missouri Synod, Alberta - British Columbia District, was held at Concordia College, Edmonton, July 2 to 5. Mr. George Pieper, Mr. H. W. Folkmann and Rev. E. B. Fox attended as representatives of the Didsbury parish. Mr. Folkmann was re-elected for a three-year term as member of the board of directors for the district. Rev. E. B. Fox was also re-elected for a three-year term as Visitor of the Calgary Circuit.

The convention went on record favoring the incorporation of the three districts of the Lutheran Church - Missouri Synod in Canada (Ontario District, Manitoba-Saskatchewan District, Alberta-B.C. District), into a corporate body known as the Lutheran Church in Canada. However, such incorporation would in no way effect the relationship of the districts to the parent body. This matter will be given further study and presented to the meeting of the synod in 1959 at San Francisco.

The assembly also voted an increase in the salary of its pastors. This resolution was introduced by laymen attending the convention. It was resolved that the basic salary be \$250 per month, with a per month increase of \$5.00 for each year of service, up to 10 years.

The district adopted a budget for 1958 of \$125,000. This covers expansion work in the district and does not include the work done in self-sustaining parishes.

To facilitate the work of the church, a Visitors conference will be held at St. Louis, Missouri, Sept. 4 to 11. Rev. E. B. Fox will attend this conference.

TASTES JUST AS GOOD

A government crop inspector visited a Kentucky farm and began asking questions.

"Do you people around here have trouble with insects getting in your corn?"

"We sure do," said the farmer, "but we jes' fishes them out an' drinks it anyhow."

Hi, Mom!

A mother's work is never
done.
Especially when the children
are young;
She's working hard, from
morn 'till night.
Trying to keep things clean
and bright.
When the weather turns to snow
and rain,
The children all decide to
play at train.
In and out the house they
go,
Tracking in the mud and snow.
When the train runs all out
of steam,
The kids just have another
bright dream.
Let's just sit down and start
a band.
We can use mother's brand new
dish pans.
The band starts up, and what
din,
The old tom cat jumped like he
was stuck by a pin;
The collie dog hit for the open
door.
I don't think we'll see him
anymore.

Now Junior tore the seat of
his Sunday pants,
And Mary sat down in a pile
of ants; Jackie lost his whistle
down the drain,
And someone busted Bobby's
brand new train.

Susan can't find her bobby
pins,
She thinks they were eaten
by the twins.
And could mother fix Martha's
party gown.
As she has a date with a boy
up town.

Mother has a meeting at
half-past-four,
When a peaky salesman comes
to the door,
Trying to sell her a bunch of
books.

On how to exercise and keep
your looks.
This is just a part of mother's
day,
When the children are young
and want to play;
But they will soon grow up
and go away,
Leaving mother with nothing to
do all day.

And mother will sit and long
for the day,
When the grandchildren will
be big enough to play.
She will again hear the patter
of tiny feet,
And say to heck, with keeping
the place neat.

Homes were made to have
children in,
With all the racket and
the din;
All of us have played at
train.
And only wish we could
do it again!

Lutheran Ladies' Aid
Plan Picnic July 28

The regular meeting of Redeemer
Lutheran Ladies Aid was held in
the church basement early in July.
Reports were given of catering
done at Bode's sale, the Smorgas-
bord supper for the L.O.D.E. and
the Stange-Reinhardt wedding
supper. The amount in the treasury
is \$307.17.
Mrs. Felker volunteered to make
coffee for the picnic dinner July 28.
It was decided to ask the Wathen
League to look after races and to
allow \$10.00 for prizes.
Marguerite Krebs and Mrs. Peiper
thanked the Ladies' Aid for
cards sent to them. A thank-you
card was also received from Mrs.
Nelson Reist.

It was decided to take a pot-luck
lunch and go up to Red Deer Lodge
next day. Husbands and children
will be welcome.

CHRISTIAN SCIENCE

Today's need of the spiritual
sense of truth will be emphasized
at Christian Science services Sun-
day.

The Lesson-Sermon on "Truth"
will include the following from
Psalms (14:18): "The Lord is high
unto all them that call upon Him,
to all that call upon Him in truth,"
unto all them that call upon Him,
to all who call upon Him in truth."

Correlative passages from "Scripture
and Health with Key to the Scrip-
tures" by Mary Baker Eddy will
include the following (272:3-5):
"The spiritual sense of truth must
be gained before Truth can be un-
derstood. This sense is assimilated
only as we are honest, unselfish,
loving and meek."

The Golden Text is from Psalms
(98:1-3): "O Sing unto the Lord a
new song. For He hath done mar-
vellous things... He hath re-
membered His mercy and His
truth toward the house of Israel:
all the ends of the earth have seen
the salvation of our God."

Notes From D.A.

By Howard J. Fisher

July 21 to 27 has been proclaimed
Farm Safety Week by the Govern-
ment of Alberta. Do you know
that in 1936 sixty-six farm resi-
dents lost their lives through acci-
dents? Of this given total, 29 were
killed with farm machinery and 14
with fire; nine lost their lives due
to animals. These, in most cases
were caused by carelessness. It is
a tragedy that so many accidents
occur; the loss of life is great and
the suffering and hardships to
those left in a family where trag-
edy has struck is unmeasurable.

Every fatal accident is a news, but
the injuries which are experienced
are not. Injuries with loss of
limbs, suffering and hospital bills
are all too common on farms.
Many farm people have handicaps
and shortened life span, along with
suffering, due to some previous ac-
cident.

Prevention is the only way to de-
crease farm accidents. Cost of
these accidents are due to careles-
ness, taking a chance. Fatigue
causes many; man can only work so
long, so hard, until his reactions
become very slow. Young children
should not operate power machin-
ery for any long period; they tire
quickly and often lack sound judg-
ment which experience teaches.

Play it safe, have machinery and
equipment in good repair, take your
time, avoid rushing, keep safety
shields in place, do not adjust or
oil moving equipment, avoid becom-
ing over-tired. In buildings and
with livestock use proper facilities
and have the proper tools as you
do your daily chores.

With these few precautions and
common sense judgment, accidents
could and would be decreased on
our farms.

WESTCOTT JUNIOR W.I.
PLAN JULY PICNIC

Regular meeting of Westcott Jr.
W.I. was held at the home of Mrs.
Ted Topping, with 11 members and
two visitors present. Roll call was
a penny for each letter in a mem-
ber's name. Mrs. Ted Topping
gave a very interesting report on
the constituency conference.
It was decided to hold the annual
picnic at Red Lodge on July 30th.
Mrs. Gordon Ford had the "bit of
fun", naming the different kind of
seeds of flowers and vegetables
that grew in her garden.

THE INDUSTRIAL WORKER

The skill of the Craftsmen is the
most important commodity in indus-
try. Without trained personnel, all
the machinery in the world is useless.
Raw materials are of no value unless
the hands and the brains are avail-
able to turn out the food, the tools,
the machines and the materials
ready for human use.

The greatest inventions of mankind
will remain on paper without the
machinist, the welder, the foundry-
man and the other craftsmen requir-
ed to turn ideas into practical pro-
ducts. And, without a high degree
of skill on the part of the craftsman,
the best designed product cannot
give satisfactory service. The best
food is hardly fit for the table unless
processed by men with "know-how".

Today, industry is growing in Al-
berta... more and more products
bear the stamp "Made in Alberta",
and Albertans have every reason to
be proud of the goods that bear this
label, thanks to the quality of our
workmen. On their shoulders rests
the responsibility for our reputation
as an industrial province... they are
not letting us down. And the man
who takes a pride in his workman-
ship, who is trained to work with pre-
cision and care forms the basis of a
good solid citizenship. The industrial
worker of today is helping shape the
pattern of modern Alberta, just as
the blacksmith of the pioneer days
helped to carve this province from a
virgin wilderness.

DISTRICT NEWS

M.V.B.C. NEWS

From Our Own Correspondent

The item concerning my visit to Red Deer last week was entered as a fact much too early. I came to the hospital instead, but under Dr. Bankier's excellent medical care and the daily ministrations of wonderful nurses and staff, I shall be home again before you read this article. Thank you, Mrs. Turner, for your administration that has meant so much to so many through the years.

Mrs. Lydia Suder will be on her holidays at Cooking Lake within the next few days. She and Miss Margit Lee, Reg.N., of Beulah Home, Edmonton, will vacation there for two weeks.

Rev. and Mrs. Taylor and family will be back among us any day now. Look out for good summer tans and a restful look, at least, in Mrs. Taylor, Keith and Sherrill. Mr. Taylor's Greek classes may have kept him inside more. They have written several times concerning their summer at Wintonia Lake, Indiana, and have been most enthusiastic about the School of Theology there, and the advantages of the summer resort. Following their return they will leave for the Gull Lake summer camp, which begins July 30.

A farewell was arranged for Mr. and Mrs. H. Burgess, and was held in the college last Friday. The W.M.S. presented Mrs. Burgess with a gift, and the group gave them a purse indicative of their esteem for them. Mr. and Mrs. Burgess have been Didsbury residents for a number of years and will now take up residence in Calgary.

Rev. W. D. Annett, B.A., graduate of Seattle Pacific College, and also M.V.B.C., preached his first sermon as pastor of Didsbury United Missionary Church on Sunday morning. Rev. and Mrs. Annett have received a sincere welcome here and the church board are planning to build an addition for a study to the north side of the parsonage.

Edward and Janet Oke, Clifford and Eleanor Quantz and David Archer, have had their applications to Bethel College, Mishawaka, Indiana, acknowledged. These fine young people, who are graduates of M.V.B.C., are preparing for full-time Christian service and will complete their work toward bachelor of arts there, preparatory to seminary work. Bethel College is the Liberal Arts School of the United Missionary Church.

DIFFERENT STIMULANTS

Two duck hunters were sitting beside their blind, one drinking from a thermos of coffee, the other from a jug of stronger contents. After some hours of sipping they spotted a lone duck winging through the sky.

Taking quick aim, the coffee drinker rose, let fire and missed. The other hunter, who was using a stronger stimulant, let fire and brought the bird down.

His companion looked at him, properly amazed, and complimented him on his shot.

He replied: "It's nothing, I usually get five or six in a flock like that!"

WEDDINGS

MENTE — MILLER

St. Joseph's Church, Calgary, was the setting for the wedding on June 28th, of Miss Thelma Norah Miller, daughter of Mr. and Mrs. W. O. Miller of Didsbury, and Mr. Ruben Frank Mente, only son of Mrs. Frieda Mente of Calgary, and the late Mr. Michael Mente. Father Anderson officiated at the double-ring ceremony.

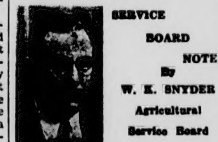

Entering the church on the arm of her father, the bride wore a waltz-length gown of white satin brocade. It featured a fitted bodice and was topped with a matching bolero jacket with lily-point sleeves. Her finger-tip veil misted from a tiera of iridescent sequins and pearls. She carried a bouquet of red roses and her only jewelry was a double strand of pearls, a gift of the groom.

Mrs. Elsie Shepherd, sister of the groom, was matron of honor. She wore a blue satin brocade gown and carried a bouquet of pink carnations.

Miss Wendy Anderson, niece of the bride, was the flower girl. Attired in a gown of pink nylon brocade, she carried a nosegay of blue carnations.

For her honeymoon trip to the U.S. the bride wore a powder blue linen suit with white accessories, and a corsage of red roses.

Following their honeymoon, Mr. and Mrs. Mente will reside in Calgary.

SERVICE BOARD
NOTES

NIGHT FLOWERING CATCH-FLY: Lately I have come across several farms that have this weed. In most cases the weed is not recognized as being a bad weed. It is a member of the cockle family and also a first cousin to bladder campion.

This weed is resistant to 2,4-D at regular rates and therefore very difficult to control in a crop. It is an annual growing from seed every year and an extremely heavy seed-er. Several people who had never seen it before found that they had it present in a field that they had seeded down to sweet clover last year. They had gotten the seed in with their clover seed, an unfortunate thing.

The plant itself grows quite rank and is rather woody in texture. It has a pungent flavor and is objectionable to livestock as food, whether in pasture, cured fodder or in hay. The leaves of the plant are large, hairy and are quite sticky, thus catching and holding flies. The flowers are quite small, pinkish inside and yellowish white outside and they open at night, thus the name.

The seed pods are ovate and striped. The flowers are attached to the top of the seed pod. The seeds are a grayish brown and about the same size as clover seed.

Culture in a summerfallow year is the best treatment for this weed in crop land. In hay land mowing done sufficiently often to prevent seed pod formation should do the job. It would be the part of wisdom for you to look over your fields to see if you have this or any other weeds present that you are not positively identify. Precautions now will save a lot of worry and trouble later.

LONE PINE ORIOLES

PLAN STANLEY TEA

Lone Pine Orioles met at the home of Mrs. Don Thompson, on July 21. Roll call was answered by three members and one visitor on "What I Look For First In A Newspaper."

An epidemic of mumps kept most of the members confined to their homes.

A Stanley Tea will be held at the home of Mrs. A. E. Thompson on Friday, July 26 at 7:30 p.m., sponsored by the Orioles. Mothers are asked to bring lunch.

Janet Hader and Ruby Milne were chosen as delegates to attend the girls' club convention at Olds from Aug. 13 to 15.

The annual meeting will be held at Mrs. Roy Milne's on August 17, at 2 p.m.

LIGHT YOUR WAY
WITH BIBLE STUDY

Has the life insurance salesman been at your place this week? So, he has! And you have taken out another life insurance policy. That's fine. You have looked out for your loved ones — and that, to be sure, is a very commendable.

But what about yourself? Have you made any provision for your own welfare in the event of death? Remember, an insurance policy offers protection only for those who are left behind, not for the one that must go ahead.

When launching upon the sea of God's eternity, you will want something more solid, far more lasting, than a ten or twenty thousand dollar life insurance policy.

The Apostle Paul had taken out a policy which he knew was absolutely reliable. In the evening hours of his life he could write: "I know whom I have believed, and am persuaded that He is able to keep that against which I have committed to Him against that day." Paul had staked his entire hope for eternity in Jesus Christ. He believed with a certainty which all the assurance of men could never shake that Jesus Christ was the Son of God. He believed with a conviction, as immovable as mountains, that Jesus had paid the entire debt of sin for him, and suffered the pangs of hell in his place. And so he could also believe with an assurance, as sure as God's own promises, that he had been given a clear title to a mansion in the Father's house above.

That was Paul's eternal life insurance policy. That policy is also offered to every member of the human race. There are no premiums to pay — Christ has paid them all. Have you this policy? The policy that provides for your eternal welfare. Study your Bible, attend your Church and find this joy — the joy of eternal life through Jesus Christ, your Lord and Savior.
